

Kingston Beach SLSC Membership

1. Registration

- Go to <https://join.sls.com.au/>

Select Entity: Surf Life Saving Club
Select State: Surf Life Saving Tasmania
Club/Organisation: Kingston Beach SLSC

Each new member needs an account. **Use your child's name to create their individual account.** Once you have created your individual account with SLSA you can pay the fees. The club will accept your registration and then you can go on with step 2.

2. Members Area Account

- Go to <https://members.sls.com.au/>

In addition to the registration process it is important to then create a Portal account with Surf Life Saving Australia. This account enables you to create a family group, track your Nipper's awards, and makes membership renewal in subsequent years simple.

Create a new Member's Area Account (separate account for each family member)

- Enter the member's details (unless the parent/guardian is registered with the club use your **child's name and DOB**)
- You will receive an SMS or email to continue
- Choose a user name and password and activate your account

To create a family account and pay as a family, create an account for all family members individually, then choose "my family" and create a family group.

If you have any difficulty contact Michelle at kingstonbeachslsc@gmail.com
